RESPONSE OF
TRANSLATOR T.V., INC.
TO LETTER OF INTERNAL REVENUE SERVICE
DATED JANUARY 7, 1981

- 1 and 2. The corporation will initially broadcast only satellite-transmitted programs of Trinity Broadcasting Network, Inc. The FCC presently is considering the adoption of new rules which would allow the broadcast of local programming on translators. If such rules are adopted, Translator T.V., Inc. may wish to develop local programming in some or all of the locations for which it is filed. It is anticipated that local programming, if authorized, will represent the same variety in terms of inter-denominational emphasis and format, consistent with its nonprofit make-up, as the programming presently broadcast by Trinity Broadcasting Network, Inc. A description of the programming of Trinity is attached. Local programming would be broadcast on a cost sharing basis, ie., any charge for same will be computed on the basis of our costs.

The corporate president periodically hosts the Praise The Lord evening program of Trinity Broadcasting Network, Inc. He will therefore appear over our translator stations. He will receive no compensation as a result of such appearances.

We are free to broadcast satellite fed programs other than Trinity Broadcasting Network, Inc.

3. Our programs will be limited to religious programs. We will not solicit or broadcast commercial advertising. We will be supported by contributions solicited during the 30-second insert per hour authorized by present rules of the Federal Communications Commission. Translator T.V., Inc. has also received the acquiescence of Trinity Broadcasting Network to insert appeals for contributions in other portions of its programming where appropriate, if such substitution is authorized by the FCC as proposed in the rulemaking referred to above. As noted in Translator T.V., Inc.'s response to paragraphs 1 and 2, if authorized by the FCC, there is a possibility that Translator T.V., Inc. will be entering into contracts for local religious programs, within the confines of its nonprofit make-up, in some or all of the areas where our facilities are located. The charges for such programs will be on a cost sharing basis.

52371

Trinity Broadcasting Network, Inc. will be a major user of our facilities. Their financial relationship has not been formalized. It is anticipated, however, that our relationship with Trinity will be on the same basis of Trinity's present relationship with other broadcasters of satellite fed programs, ie., the programs will be provided and broadcast without charge by either party.

We will employ at least one engineer in each city where a translator license is granted. Their pay will be the industry standard. Our officers and directors will receive no compensation for their services. At the present time, Trinity Broadcasting Network, Inc. is providing expertise without charge. We are paying our own engineering and legal fees in processing our license applications. We have not formulated plans yet for secretarial or administrative staff, but will require same once a license is obtained and construction is completed.

5. Trinity's relationship is that of a temporary contributor. We are operating now on contributions from Trinity until contributions can be generated on a local basis from the general public. We have no contractual obligation to Trinity. Proposed budgets are attached.

ANNUAL MEETING
OF
TRINITY BROADCASTING NETWORK, INC.

The annual meeting of Trinity Broadcasting Network, Inc. was held on February 3, 1981 at Newport Beach, California.

All directors were present.

The meeting opened with prayer.

On motion duly made and seconded, the following directors were confirmed as directors:

Paul F. Crouch
Norman G. Juggert
Pearl Jane Duff

Upon motion duly made and seconded, all existing officers were confirmed for new terms.

The board considered the audited financial statements as presented by the corporate president and approved same.

The board then discussed the possibility of receiving an assignment of a construction permit from Tri-State Christian T.V. of Indiana in Richmond, Indiana. The assets owned by Tri-State are approximately \$250,000.00. The total obligations outstanding now are approximately \$163,000.00.

Tri-State's President has expressed an interest in assigning the corporation's assets including the construction permit to us in exchange for an assumption of its obligations. An officer of Tri-State will be in California this week and desires to discuss the matter with the corporate president.

It was therefore moved and passed that the President be authorized to negotiate with Tri-State, provided that the consummation of any transaction shall be subject to the approval of this board and shall be made in consultation with F.C.C. counsel.

The meeting was then adjourned.

AMENDED EXHIBIT FOUR

COST OF CONSTRUCTION

TTI estimates that approximately \$88,600 will be required to construct and operate the proposed translator station for one year. This cost includes principal and interest payments for the transmitter (including interest at 20%, see Attachment 4-A), purchase of an antenna and line, provisions for legal and engineering fees, and miscellaneous expenses.

Trinity Broadcasting Network, Inc. (TBN) is committed to loan TTI, upon request, up to \$1,252,250 for the purpose of constructing and operating proposed translators should TTI's fundraising activities lag behind the schedule of construction commitment, including up to \$89,000 for the estimated cost of this project, should it be needed (see Attachment 4-B). Further documentation evidencing TBN's substantial capacity to meet its commitments is included as Attachment 4-C.

PROJECTION

FEBRUARY 18, 1981

Projection is based on activities to date and projection of funds coming. On November 19, 1980, over \$500,000 was pledged in monthly and one time donations for the purpose of building translator stations. Based solely on receiving minimal contributions, we project \$400,000 within the next 12 months, discounting any further telethon drives for the same purpose.

It is to be mentioned as matter of reference that the main source of revenue still exists with the parent company, Trinity Broadcasting Network, Inc., which had an excess of revenue over expenses for 12 months ending July 31, 1980 of \$5,125,294 and also holds the backup lines of credit with The Mitsubishi Bank of California of \$4,000,000 expiring February 28, 1982 and a \$1,000,000 line of credit with the First National Bank and Trust Company of Oklahoma City expiring February 9, 1982.

Inter-Office Memorandum

TO: Jane Duff
FROM: Bill Phipps
DATE: December 4, 1980
RE: Fund Solicitation for Translator T. V. Inc.

Jane:

I have your copy of the memo from Colby May. In regards to his comments relative to Trinity Broadcasting Network soliciting funds for a special purpose, and that being Satellator/Translator Stations, Colby had indicated that we should keep a specific log indicating the following:

1. A log of who solicits the funds over the area and when (time of day, date, duration) the solicitation for the support was made, e.g., Funds were solicited on November 19, 1980 from 6:00 p.m. to 1:00 a.m. Funds were solicited on 11-20-80 by Paul & Jan Crouch, President, and Founders. The amount of funds pledged were:

\$353,148.00/Monthly
8,917,175.00/One Time
\$9,270,323.00 TOTAL
2. In accounting of the total funds received from that purpose, Jane, we will have a new designated file prepared and we will record all funds that are earmarked for either Sattelator or Translator Stations.
3. He is also asking for an accounting of the final disposition of the funds received. Jane, I will make up a special designated file specifically for this particular project, recording all the disbursements of those funds for the purpose of developing either Satellator or Translator Stations.

If you feel that there is any other function we should cover in Accounting that directly relates to a FCC policy, please advise.

Inter-Office Memorandum

TO: Debbie Smith
FROM: Bill Phipps
DATE: December 3, 1980
RE: New Designated Code Number

Debbie:

During telethon, we solicited for special funds over the airways for Satellator/Translator Stations. It is the FCC requirement that we keep accurate record of all funds being received for that purpose. So let's make up a new designated code and inform all your girls that when envelopes are received earmarked for Satellator or Translator Stations, that the funds do go into that proper account.

It's just to be noted on your behalf, that \$9,270,323.00 were pledged so thus you should have a large influx of income to that particular account.

ANNUAL MEETING
OF
BOARD OF DIRECTORS
OF
TRANSLATOR T.V., INC.

The annual meeting of Translator T.V., Inc. was held February 26, 1982 at the headquarters of Trinity Broadcasting Network, Inc. in Tustin, California pursuant to notice.

All board members were present.

The meeting was held as part of a joint meeting of all corporations affiliated with Trinity Broadcasting Network, Inc. The meeting was conducted in the board room of Trinity Broadcasting Network, Inc.

Upon motion duly made, seconded and passed, all directors were confirmed for the continuation of their terms and all officers were elected to new terms.

All directors received copies of the booklet, "Miracle Birth Of Trinity Broadcasting Network" and a second booklet which recorded the first five years of Trinity Broadcasting Network, Inc.

The President read Ephesians 6:10-19 and II Corinthians 10:4. The verses were discussed. A time of free prayer followed.

The President reported that four broadcast stations are operating and that one is under construction in Indiana. In addition, a purchase agreement for a station in New York has been signed. From 350 to 400 cable stations are broadcasting Trinity programs. Fifteen translator station applications are on file with the Federal Communications Commission. A translator facility is broadcasting in Denver, Colorado.

Upon motion duly made, seconded and passed, the reading of the minutes of the last meeting were waived.

Mr. John Caosria then presented the financial statements for Trinity Broadcasting Network, Inc. and affiliated stations. Financial statements for all of the affiliated corporations were reviewed and made available to board members.
